

LawDeb is a leading provider of Corporate Secretarial Services, including Entity Management

Our Global Entity Management team works with partners in **140 jurisdictions** to provide peace of mind for our legal and compliance clients around the globe.

The highly experienced, delivery-focused team takes care of both **high-volume entity management** and **tailored corporate governance** projects. We work with the **smartest technology** to provide full, real-time visibility on global entity compliance, workflow status for event-driven changes and **secure access** to board documents.

Our clients benefit from the stability and infrastructure afforded by our being part of a larger organisation, **Law Debenture**.

.....
Law Debenture (LawDeb) is an investment trust like no other.

In addition to being a FTSE250 investment trust committed to achieving long term capital growth for investors, we are also an independent professional services (IPS) business. We support over half of the FTSE 100 across our Independent Professional Services businesses.

“ We have a long-standing relationship with LawDeb’s Corporate Secretarial Service team. The team is extremely attentive to our matters, thorough in analyses and is always available as needed no matter what time it is. They take the time to understand issues and constraints from our perspective. Advice is specific and tailored to our needs, and anticipates what we may face. The LawDeb team has supported us in a number of projects and tricky situations.”
